

BEECHCRAFT® Baron G58
The world's best-performing light twin.

A reminder why you learned to fly in the first place.

The Beechcraft Baron G58's quality and comfort are renowned. The aircraft also carries more payload farther and faster than any other piston-twin aircraft. The Beechcraft Baron G58 continues to be a leader in its class. With a fully integrated Garmin G1000® avionics package as standard equipment, the Beechcraft Baron remains the ultimate piston-powered aircraft.

It doesn't get any better than this. If a picture is worth a thousand words, then the Garmin G1000's twin 10.4-inch, high-resolution liquid crystal displays speak volumes about the system's ability to deliver more information in a way that's intuitive and easy to understand. Primary flight information, engine performance, graphical navigation, available traffic, terrain and satellite weather, live weather radar and more – it's all here.

Welcome aboard. Whether sitting up front or in the spacious club cabin, your passengers are treated to the best ride found in any piston aircraft. The wide 45-inch doors make entry into the spacious cabin easy. Inside they will find comfortable seats are finished in fine leathers. There is even a wood-trimmed executive table.
