

BEECHCRAFT® Premier IA

The world's largest, fastest, most technologically advanced single-pilot business jet.

Get your business off the ground.

With a Premier IA, time and distance are at your disposal — whether serving your current clients or finding new ones. And with advanced avionics and performance-enhancing aerodynamics, you can now travel into and out of thousands of airports that are not served by the major airlines. Imagine a business world without boundaries. That is what it is like when you travel in a Beechcraft Premier IA.

HIGHER WING LOADING FOR A MORE COMFORTABLE RIDE	■	
SUPERIOR WARRANTY	■	
MORE SERVICE CENTERS	■	

Up here, anything is possible. With three 8- by 10-inch Collins Pro Line 21™ liquid crystal displays providing instant, intuitive information, flight-critical data is easy to find. Aircraft attitude, heading, airspeed, altitude, navigation information and engine performance parameters are all brightly displayed right where pilots would expect them.

An executive office at 41,000 feet. Lots of space, down wash lighting, soft leathers, contoured seats that swivel and recline, passenger-controlled cabin temperature, a private aft lavatory and the availability of a variety of audio and video entertainment systems — this is truly the ultimate way to travel.
